For Immediate Release

Road Repair and Street Safety Work Week of March 23 – 27 Woodlands Village Boulevard Area, Little Drive, Sitgreaves and Agassiz Streets

Road improvement work will continue the week of March 23 – 27 in the University Heights neighborhood; in the Woodlands Village Boulevard area including University Avenue, Forest Meadows, and McConnell Drive; and Sitgreaves Street and Agassiz Street in the downtown area.

Little Drive in the University Heights neighborhood will continue to experience significant travel impacts as crews continue work to reconstruct many of the manholes on the streets. This manhole repair work will continue for the next couple of weeks.

The City's contractor is also scheduled to begin concrete work on Sitgreaves Street and Agassiz Street next week. This concrete work will precede roads improvements and will include repair or reconstruction of sidewalks, ADA ramps, curbs and gutters.

Residents and businesses have been notified of the work and project signs are up. The public should expect traffic impacts in both areas throughout the week. The much needed road repairs will likely result in some temporary traffic restrictions, noise and dust. Every attempt will be made to maintain access to businesses and residences. The City apologizes for any inconveniences caused by the work. We appreciate the community's investment in our critical infrastructure and the public's cooperation. This work is scheduled for daytime hours and City contractors are instructed to keep impacts as minimal as possible.

This work is part of the voter approved Prop 406 dedicated sales tax for road repair and street safety improvements, more than \$100 million of infrastructure improvements scheduled to be completed over the next 20 years.

The City is committed to keeping our promise to our citizens to touch every street in Flagstaff and to keep everyone informed on the status of the project work. Each Friday during construction season, the City will send weekly notices to local media, and will post these notices on the City website at www.flagstaff.az.gov/roadsafety, City Facebook page and Twitter account.
